PRESS RELEASE

DATE: Thursday, December 12th, 2024

Columbia Road and Davis Road/Myrtle Ave Intersection Now Open

Lebanon, Ohio – Deerfield Township, Warren County, Ohio – Columbia Road and Davis Road/Myrtle Ave. intersection is now open. Due to the drop in temperature, we were unable to place the final surface course of asphalt. Therefore, the intersection will be closed, in the spring 2025, for approximately one (1) week to finalize the pavement and punch list items.

The roundabout was constructed by Ford Development Corp. and the project was funded by the Warren County Board of County Commissioners, Warren County Engineer's Office, and Deerfield Township through the Warren County Transportation Improvement District.

Your cooperation during this project has been greatly appreciated.

About the Warren County Engineer

County Engineers in Ohio are required by law to be registered as both Professional Engineers (P.E.) and Professional Surveyors (P.S.) They are responsible for the maintenance and construction of county roads and maintenance and construction of bridges on county roads, township roads, and certain streets within municipalities. They are also responsible for maintaining land surveying records, checking the accuracy and adequacy of recorded land transfer documents, and establishing or re-establishing certain land survey monuments.
