PRESS RELEASE

DATE: Thursday, February 27th, 2025

Franklin-Trenton Road Closed Indefinitely.

Lebanon, Ohio – Franklin Township and City of Franklin, Warren County, Ohio – Franklin-Trenton Road Bridge #270-1.85, between Waterbury Drive and Sonny Lewis Way/Water Source Drive, is closed until further notice. The closure is located just east of address 7250 Franklin-Trenton Road. The closure is due to unexpected rapid deterioration and failure of the bridge wingwall that compromised the east bridge abutment. Our office is currently working on a plan to replace the bridge.

The detour for the closure will utilize Franklin-Madison Road, Chamberlain Road and SR123/Central Avenue.

Your cooperation during the planning and construction of this project will be greatly appreciated.

For more information, visit <http://www.wceo.us/> or contact WCEO at (513) 695-3301.

About the Warren County Engineer

County Engineers in Ohio are required by law to be registered as both Professional Engineers (P.E.) and Professional Surveyors (P.S.) They are responsible for the maintenance and construction of county roads and maintenance and construction of bridges on county roads, township roads, and certain streets within municipalities. They are also responsible for maintaining land surveying records, checking the accuracy and adequacy of recorded land transfer documents, and establishing or re-establishing certain land survey monuments.
